

## Poster competition

We would like you to design a Poster to tell your School community about what you have learnt and what you would like them to know you have learnt. The best Poster will receive a prize, and everybody else will receive a Certificate for taking part.

The Posters need to be on A4 size paper and they can be made using any medium- drawing, felt tips, paint, collage or on the computer.

Don't forget about your message – What do you want to say?

Keep it simple
