

Box Activity

Use two different size boxes for this task.

- Wrap the first much larger box in pretty shiny paper with bow etc if possible. Inside, place empty sweet or crisp packets.
- Wrap the second smaller box in tatty dull paper with no bow/ detail etc Place inside a treat for the class eg biscuits, sweet, stickers etc

Explain to the Class that they have been sent a present but they can only choose one. They need to explain which box they would choose and why.

Once the Class have come to a collective decision, open one box.

→ Did the Class choose the large pretty box?

Reinforce message about not making judgements just on appearances.

Then open the small box to illustrate.

→ Did the Class choose the small box?

Reward Class with treat, then open large box and then reinforce message about making quick judgements upon appearance not necessarily all the facts.
