

WHAT IS THE  
CORONAVIRUS?

The Coronavirus is a virus that

can make people feel unwell.

It is also called COVID-19.

People

who

have

Coronavirus

may

have a

temperature,

dry cough,

sore throat

or

shortness of breath.

Most

people

who have

Coronavirus

will

stay

at

home

and

get better.

Some

people

who have

Coronavirus

will

have to

go to

hospital

to

get better.

I can

help

stop

spread

germs

by

washing my hands.

I

should take my

time

and

wash

my

hands,

fingers

and

nails.

There

will be

no school

for

\_\_\_\_\_.

School

will

open

again.

I

will be at

home

when

school

is

closed.

I

will

complete

my

school work

at

home.

I

know

I

will be

safe

and

I

don't have

to

feel afraid.

I

will be

safe

and

happy

at

home

with

my

family.

When

I

am at

home

I

will not

be able

to go

to my

favourite

places.

Once

the

Coronavirus

is

gone,

I

will be

able

to go

to my

favourite

places

again.
