PRECISION TEACHING RECORDING CHART

Pupil:

Area of focus: **BASIC SHAPE RECOGNITION**Approach used (highlight the technique used):

- 1. Cards are placed in an arc- the student is asked to point at shape card when the concept is named
- 2. Cards are placed in an arc- when the adult points to a card the student is asked to name the shape.
- 3. Cards are collected into a pile, ask students to turn over one at a time naming each card, adult to record correct and incorrect responses and the time taken to complete the pack.

✓ = correct/= incorrectP= prompted
