

# ICT support for spelling- Older SEND students (PKSS)

The resources listed below have been collated to support Students working at Pre-Key Stage Standards in older Key Stages.

## Spelling 1

Squeebles Spelling App is traditionally primary tool. It is very effective as it can be personalised with each students' spellings they are working on and provides a reward for each successful group of spellings spelt.

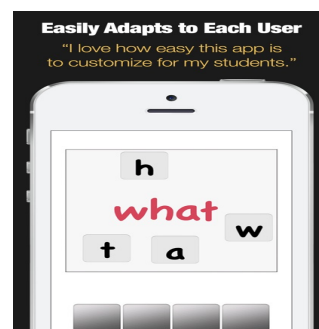

This may well be a useful tool for students working at a lower level at Secondary who engage with visual /reward based systems.

## Spelling 2

Sight Words by Little Speller App £0.99  
Simple easy format  
Great tool to practice CVC, and CCVC words

## Spelling 3

FREE games on websites to practice spelling of first words, CVC words and simple sight words

<https://www.ateachableteacher.com/online-sight-word-games/>

A great tool to provide overlearning  
Great to share for highly differentiated homework support

## Spelling 4

22 Learn literacy site

<https://22learn.com/app/4/sight-words.html>

A+ Spelling App

Older format -easy to programme individual personalised spelling lists
