

What can you do on an ipad?

ipad's are a fantastic resource to use with SEN students. They provide instant differentiation, visual support and ways to engage the most challenging student. Listed below are skills Teachers /LSA's should have to enable them to make the most of the ipad. If you require support and training, please contact Harpal on 0208 503 8773, for free training for Redbridge Staff.

Skills I can do	Yes	No
